

**BANDO DEL PROGRAMMA NEUROSCIENZE
ELENCO PROGETTI FINANZIATI MULTICENTRICI
IN ORDINE ALFABETICO
PRIMA SCADENZA 15 GIUGNO 2008**

| Ente | Progetto | Finanziamento in € |
|--|--|--------------------|
| Università del Piemonte Orientale - Alessandria | Integration of spatial and biochemical clues during brain development | 465.000 |
| Università di Bologna | Cognitive-behavioral treatment of depression in patients with acute coronary syndrome | 347.000 |
| Università di Torino | Exploring the molecular mechanism at distinct neuronal sites underlying the therapeutic potential of leptin in neurodegeneration, epilepsy and obesity | 200.000 |
| Università di Torino | Gender and affective disorders: role of vasopressin and neuroactive steroids | 160.000 |
| Università di Torino | Spinocerebellar ataxia type 28 is caused by mutations of the mitochondrial protease AFG3L2: dissecting the pathogenetic mechanism by animal and cellular models | 160.000 |
| Università di Torino | Mitochondrial dysfunction in amyotrophic lateral sclerosis: a genetic approach to find susceptibility factors and to devise novel strategies to rescue motor neurons | 150.000 |
| Università di Torino | Molecular pathology of neuronal migration defects: the role of semaphorin signals | 372.000 |
